DETAILED ACTION

The rejection under 35 U.S.C. 102(e), and 103(a) have been withdrawn in view of the applicant' amendment.

Oath/Declaration

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414.

As agreed by the applicant in his Remarks, dated 5/21/04, and in accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

Allowable Subject Matter

Claims 61-71 are allowed over the art of record.

The following is a statement of reasons for the indication of allowable subject matter: It is agreed that none of the art of record teaches or suggests the claimed method for forming a capacitor including forming a second insulating layer over the entire first conductive layer, and removing a portion of the second insulating layer through use of chemical mechanical planarization until an uppermost portion of the first conductive layer is reached or exposed. The CMP of the second insulating layer ceases once an uppermost layer of the first conductive layer is reached or exposed which is not disclosed by Gonzales reference.

Conclusion

This application is in condition for allowance except for the following formal matters:

Submission of A supplemental reissue declaration and the original patent.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
